**When all else fails, read the original instructions! With so much falling apart all around us today, we need to read our original instructions - the United States Constitution.**

Constitution Classroom, a weekly program featuring host, Colonel John Eidsmoe with producer, Bryan Hyde, teaches the Constitution in plain language everyone can understand.

We explore the Constitution Article by Article, Section by Section, explaining the history and background behind each provision and cases that have interpreted those provisions. We frequently pause to talk about current constitutional cases and issues in today's fast-paced world of change.
